

EYITUOYO ELIJAH BESIDONNE

NORWICH • 07464941429 • eyituoyo117@gmail.com

SUMMARY

Motivated Software Development student working towards a T-level qualification. I enjoy building practical web applications and solving problems, whether debugging code, improving user interfaces, or designing backend logic. Skilled in Python and JavaScript, with hands-on experience using React, Django and Flask. Now looking for a junior developer role where i can learn quickly, contribute to real projects, and grow as part of a team

EDUCATION

Access Creative College(Norwich, UK) — T-level in Software Development | September 2024 - Present

- Awarded Best Software Student (Year 1) for performance and commitment
- Runner-Up — HACK-Ed Hackathon: Collaborated in a team to design and build a solution under tight time constraint

Cophild IT Training — Certified Full Stack Developer | August 2023 - February 2024

- Built and tested web apps using Python/Django, plus HTML, CSS, JavaScript
- Developed strong foundations in backend logic, templating and end-to-end development workflows

Bethany Foundation High school | Completed 2023

Relevant subjects: Mathematics, Further Mathematics, Data Processing, English, Physics, Chemistry, Biology, Economics, Civic Education

WORK EXPERIENCE

Warehouse Operative (Temporary) — Kinnerton Confectionery, UK |August 2025 - October 2025

- Maintained high accuracy and efficiency in a fast-paced production environment while following strict health and safety standards
- Stayed consistent and reliable during repetitive tasks and peak period workload
- Supported team targets by keeping quality and speed high

Sales Assitant — Giottos African Store (Norwich, UK) | May 2024 - September 2024

- Delivered customer service, handled questions and resolved issues professionally
- Supported day-to-day operations including stock control and product displays
- Gained experience using retail systems and working efficiently under pressure
